

UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN

University Library

Library Mobile App Competition

ASSIGNMENT AGREEMENT

The University Library at the University of Illinois ("University") is sponsoring the Library Mobile App Competition ("Competition") for undergraduate students to design and develop mobile apps that help improve the student experience with Library collections, services and facilities. The Library desires to develop and deploy apps selected from this Competition to benefit the University Library and its users.

As a student voluntarily participating in the Library Mobile App Competition at the University of Illinois, I, along with other students in my team, am helping to create and submit a model for a mobile software application model, consisting of a text description and accompanying visual mock-up, any related code, including a PowerPoint presentation (or other presentation software), as an entry in the Competition ("Model").

In order to meet the Competition objectives and to facilitate the University's deployment of a mobile app through University using the Model, I voluntarily agree to assign to University a co-ownership interest, to the extent I have such rights, in and to the Model.

To provide such rights to the University, I acknowledge and agree to the following:

1. I represent that I am at least 18 years of age and that I am signing this Assignment Agreement with full understanding of its contents. I understand this is a legal document that is binding on me
2. I understand that the Competition organizers have the sole discretionary authority to accept or reject my Model, in whole or in part, both for submission into the Contest and/or for deployment.
3. I represent that my contributions to the Model, including any text, images photographs, videos, audio, design, and code ("Contributions") are original, (i.e. independently created by me and/or my team) and are not derived from third parties or other sources, (except for the University and University Library trademarks and/or APIs /data sources within the design.)
4. I represent that I followed University policies and obtained prior permissions and releases for all Contributions, including any photographs, video footage and personal names and information included in my Contributions and that my Contributions will not violate the rights of others.
5. I hereby grant to University the right to use my name and likeness in the promotion of the competition results and/or Model
6. I hereby sell, assign and transfer to University, its successors and assigns, an undivided co-ownership interest in all my rights (whether now known or hereinafter created during the Competition), title and interest in and to the Model and all content and intellectual property rights therein, including my Contributions, without further compensation to me.
7. I hereby agree that all works based upon or derived from or incorporating the Model or Contributions or portions thereof ("Derivative Works") made by University and (3) any copyright registrations or and copyright applications on any such Derivative Works shall be solely owned by University, and that University is free to use, copy, distribute such Derivative Works for any and all purposes (including educational and commercial purposes) without further compensation to me.
8. I understand that I may also make Derivative Works that are solely owned by me.
9. I shall not, without the prior written consent of University's Associate Chancellor for Public Affairs at its Urbana-Champaign campus, identify the University of Illinois in any advertising or other promotional materials to be disseminated to the public. Additionally, I agree not to use the name of any University faculty member, employee, or student or any trademark, service mark, trade name, or symbol owned by or associated with University, in connection with my mobile application software model without such written consent.
10. I have read and agree to abide by the Rules of the Competition, (found at www.library.illinois.edu/studentapps/rules.html)

This Assignment is effective on the date of my signature below.
